

Path enrollment

E-mail from 14-01-2018

Dear Head of Contingent,

The Path enrollment for Roverway 2018 will open soon. In this email, we give you more information on this process.

Please note that only participants who have already registered for Roverway 2018 can select a Path. If they are not formally registered yet, they are unable to enroll on a Path at this time. For the Contingents using bulk registration, it is possible to do the bulk registration in parts. This allows Patrols completed in terms of registered participants, to enroll early for a Path.

Roverway 2018 aims to offer 60-80 Paths. The descriptions are online at <https://www.roverway2018.nl/en/program/paths>.

Not all Paths have yet finalised their unique programme and promotion details so not all 60-80 Paths are available at this moment. Keep checking the website as the Path options will increase in the coming months.

The participants form a Patrol with a minimum of 5 and a maximum of 8 participants. They decide who amongst themselves will be the Patrol leader and they give their Patrol a name. Each Patrol then selects 5 Path preferences. The Patrol also confirms what preconditions, if it applies, are required for their Path allocation (e.g. wheelchair, deaf, can not swim).

The Path enrollment process is administered by the HoC. You will receive an Excel sheet from us in which you have to fill in the requested information (e.g. first name, surname or family name, date of birth, name of the Patrol, preconditions and the 5 Path preferences).

We will have 2 deadlines for Path enrollment set for 15 March and 15 May. A Patrol may only enroll once, either before 15 March or before 15 May! Once the information has been sent in, it is not possible to change your selection!

The HoC needs to return the Path enrollment form to the RW18 organisation within 5 days after the deadline. The RW18 organisation then makes an allocation based on the received preferences and confirms the allocated Path for each Patrols to the HoC. The HoC, in turn, informs the Patrols.

We will get back to you in the week of 5 February with the Path enrollment form for the first enrollment period which has a deadline set for 15 March.

If you have questions about the Path selection process, please do not hesitate and contact us via registration@roverway2018.nl.

Kind regards,

Monique Hofland
Head of Information Management, ad interim
